Regular Session, 2013

HOUSE BILL NO. 1

BY REPRESENTATIVE FANNIN

APPROPRIATIONS: Provides for the ordinary operating expenses of state government for Fiscal Year 2013-2014

1 AN ACT

2 Making appropriations for the ordinary expenses of the executive branch of state
3 government, pensions, public schools, public roads, public charities, and state
4 institutions and providing with respect to the expenditure of said appropriations.

5 Be it enacted by the Legislature of Louisiana:

6 Section 1. The appropriations in this Act from state revenue shall be payable out of the
7 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
8 Louisiana Constitution.

9 Section 2. All money from federal, interagency, statutory dedications, or self-generated
10 revenues shall be available for expenditure in the amounts herein appropriated. Any increase
11 in such revenues shall be available for allotment and expenditure by an agency on approval
12 of an increase in the appropriation by the commissioner of administration and the Joint
13 Legislative Committee on the Budget. Any increase in such revenues for an agency without
14 an appropriation from the respective revenue source shall be incorporated into the agency's
15 appropriation on approval of the commissioner of administration and the Joint Legislative
16 Committee on the Budget. In the event that these revenues should be less than the amount
17 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds
18 were included in the budget on a matching basis with state funds, a corresponding decrease
19 in the state matching funds may be made. Any federal funds which are classified as disaster
20 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative
21 Committee on the Budget upon the secretary's certifying to the governor that any delay

1 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be
2 notified in writing of such declaration and shall meet to consider such action, but if it is
3 found by the committee that such funds were not needed for an emergency expenditure, such
4 approval may be withdrawn and any balance remaining shall not be expended.

5 Section 3.A. Notwithstanding any other law to the contrary, the functions of any
6 department, agency, program, or budget unit of the executive branch, except functions in
7 departments, agencies, programs, or budget units of other statewide elected officials, may
8 be transferred to a different department, agency, program, or budget unit for the purpose of
9 economizing the operations of state government by executive order of the governor.
10 Provided, however, that each such transfer must, prior to implementation, be approved by
11 the commissioner of administration and Joint Legislative Committee on the Budget. Further,
12 provided that no transfers pursuant to this Section shall violate the provisions of Title 36,
13 Organization of the Executive Branch of State Government.

14 B. In the event that any agency, budget unit, program, or function of a department is
15 transferred to any other department, agency, program, or budget unit by other Act or Acts
16 of the legislature, the commissioner of administration shall make the necessary adjustments
17 to appropriations through the notification of appropriation process, or through approval of
18 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions
19 of the Act or Acts which provide for the transfers.

20 C. Notwithstanding any other law to the contrary and before the commissioner of
21 administration shall authorize the purchase of any luxury or full-size motor vehicle for
22 personal assignment by a statewide elected official other than the governor and lieutenant
23 governor, such official shall first submit the request to the Joint Legislative Committee on
24 the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such
25 vehicles as defined or used in rules or guidelines promulgated and implemented by the
26 Division of Administration.

27 D. Notwithstanding any provision of law to the contrary, each agency which has
28 contracted with outside legal counsel for representation in an action against another agency,
29 shall submit a detailed report of all litigation costs incurred and payable to the outside
30 counsel to the commissioner of administration, the legislative committee charged with

1 oversight of that agency, and the Joint Legislative Committee on the Budget. The report
2 shall be submitted on a quarterly basis, each January, April, July, and October, and shall
3 include all litigation costs paid and payable during the prior quarter. For purposes of this
4 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the
5 agency and of the other party if the agency was required to pay such costs and fees. The
6 commissioner of administration shall not authorize any payments for any such contract until
7 such report for the prior quarter has been submitted.

8 E. Notwithstanding any provision of law to the contrary, each agency may use a portion
9 of its appropriations contained in this Act for the expenditure of funds for salaries and
10 related benefits for smoking cessation wellness programs, including pharmacotherapy and
11 behavioral counseling for state employees of the agency.

12 F. Notwithstanding any provision of law to the contrary, any publication required by
13 R.S. 18:193(F) may be suspended or adjusted for purposes of creating efficiencies and/or
14 savings during fiscal year 2013-2014. Any savings realized from the suspension or
15 adjustment of such publication shall be used for voter outreach services.

16 Section 4. Each schedule as designated by a five-digit number code for which an
17 appropriation is made in this Act is hereby declared to be a budget unit of the state.

18 Section 5.A. The program descriptions, account descriptions, general performance
19 information, and the role, scope, and mission statements of postsecondary education
20 institutions contained in this Act are not part of the law and are not enacted into law by
21 virtue of their inclusion in this Act.

22 B. Unless explicitly stated otherwise, each of the program objectives and the associated
23 performance indicators contained in this Act shall reflect the key performance standards to
24 be achieved for the 2013-2014 Fiscal Year and shall constitute the set of key objectives and
25 key performance indicators which are reportable quarterly for Fiscal Year 2013-2014 under
26 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23)
27 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing
28 board or commission is directed by language in this Act to prepare and submit new or
29 modified performance information, including but not limited to key and supporting
30 objectives, performance indicators, and performance standards, such submission shall be in

1 a format and method to be determined by the commissioner of administration. Unless
2 otherwise specified in this Act, the submission of new or modified performance information
3 shall be made no later than August 15, 2013. Such performance information shall be subject
4 to the review and approval of both the Division of Administration and the Joint Legislative
5 Committee on the Budget, or a subcommittee thereof.

6 Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between
7 departments or schedules receiving appropriations. However, any unencumbered funds
8 which accrue to an appropriation within a department or schedule of this Act due to policy,
9 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner
10 of administration and the Joint Legislative Committee on the Budget, be transferred to any
11 other appropriation within that same department or schedule. Each request for the transfer
12 of funds pursuant to this Section shall include full written justification. The commissioner
13 of administration, upon approval by the Joint Legislative Committee on the Budget, shall
14 have the authority to transfer between departments funds associated with lease agreements
15 between the state and the Office Facilities Corporation.

16 B. Pursuant to the authority granted to the Office of Information Technology in R.S.
17 39:15.1 through R.S. 39:15.3 and in conjunction with the assessment of the existing staff,
18 assets, contracts, and facilities of each department, agency, program, or budget unit's
19 information technology resources. Upon completion of this assessment and to the extent
20 optimization of these resources will result in the projected cost savings through staff
21 reductions, realization of operational efficiencies, and elimination of asset duplication; the
22 commissioner of administration is authorized to transfer the functions, positions, assets, and
23 funds from any other department, agency, program, or budget units related to this
24 optimization to a different department.

25 Section 7. The state treasurer is hereby authorized and directed to use any available
26 funds on deposit in the state treasury to complete the payment of General Fund
27 appropriations for the Fiscal Year 2012-2013. In order to conform to the provisions of P.L.
28 101-453, the Cash Management Improvement Act of 1990, and in accordance with the
29 agreement executed between the state and Financial Management Services, a division of the

1 U.S. Treasury, the state treasurer is hereby authorized to release checks drawn on federally
2 funded appropriations prior to the receipt of funds from the U.S. Treasury.

3 Section 8.A.(1) The figures in parentheses following the designation of a program are
4 the total authorized/appropriated positions for that program. If there are no figures following
5 a department, agency, or program, the commissioner of administration shall have the
6 authority to set the number of positions.

7 (2) The commissioner of administration, upon approval of the Joint Legislative
8 Committee on the Budget, shall have the authority to transfer positions between departments,
9 agencies, or programs or to increase or decrease positions and associated funding necessary
10 to effectuate such transfers.

11 (3) The number of authorized positions approved for each department, agency, or
12 program as a result of the passage of this Act may be increased by the commissioner of
13 administration in conjunction with the transfer of functions or funds to that department,
14 agency, or program when sufficient documentation is presented and the request deemed
15 valid.

16 (4) The number of authorized positions approved in this Act for each department,
17 agency, or program may also be increased by the commissioner of administration when
18 sufficient documentation of other necessary adjustments is presented and the request is
19 deemed valid. The total number of such positions so approved by the commissioner of
20 administration may not be increased in excess of three hundred fifty. However, any request
21 which reflects an annual aggregate increase in excess of twenty-five positions for any
22 department, agency, or program must also be approved by the Joint Legislative Committee
23 on the Budget.

24 (5) Any employment freezes or related personnel actions which are necessitated as a
25 result of implementation of this Act shall not have a disparate employment effect based on
26 any suspect classification, i.e., race, sex, color, or national origin or any negative impact
27 upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or Title
28 VII of the 1964 Civil Rights Act, as amended.

29 B. Orders from the Civil Service Commission or its designated referee which direct an
30 agency to pay attorney's fees for a successful appeal by an employee may be paid out of an

1 agency's appropriation from the expenditure category professional services; provided,
2 however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
3 in accordance with Civil Service Rule 13.35(a).

4 C. The budget request of any agency with an appropriation level of thirty million dollars
5 or more shall include, within its existing table of organization, positions which perform the
6 function of internal auditing.

7 D. In the event that any cost assessment allocation proposed by the Office of Group
8 Benefits becomes effective during Fiscal Year 2013-2014, each budget unit contained in this
9 Act shall pay out of its appropriation an amount no less than 75% of total premiums for all
10 active employees and those retirees with Medicare in accordance with R.S. 42:851(A)(1) for

SCHEDULE 09

DEPARTMENT OF HEALTH AND HOSPITALS

For Fiscal Year 2013-2014, cash generated by each budget unit within Schedule 09 may be pooled with any other budget unit within Schedule 09 to avoid a cash deficit. No budget unit may expend more revenues than are appropriated to it in this Act except upon the approval of the Division of Administration and the Joint Legislative Committee on the Budget, or as may otherwise be provided for by law.

Notwithstanding any provision of law to the contrary, the department shall purchase medical services for consumers in the most cost effective manner. The secretary is directed to utilize various cost containment measures to ensure expenditures remain at the level appropriated in this Schedule, including but not limited to precertification, preadmission screening, diversion, fraud control, utilization review and management, prior authorization, service limitations, drug therapy management, disease management, cost sharing, and other measures as permitted under federal law.

Notwithstanding any law to the contrary and specifically R.S. 39:82(E), for Fiscal Year 2013-2014 any over-collected funds, including interagency transfers, fees and self-generated revenues, federal funds, and surplus statutory dedicated funds generated and collected by any agency in Schedule 09 for Fiscal Year 2012-2013 may be carried forward and expended in Fiscal Year 2013-2014 in the Medical Vendor Program. Revenues from refunds and recoveries in the Medical Vendor Program are authorized to be expended in Fiscal Year 2013-2014. No such carried forward funds, which are in excess of those appropriated in this Act, may be expended without the express approval of the Division of Administration and the Joint Legislative Committee on the Budget.

Notwithstanding any law to the contrary, the secretary of the Department of Health and Hospitals may transfer, with the approval of the commissioner of administration via midyear budget adjustment (BA-7 Form), up to twenty-five (25) authorized positions and associated personal services funding if necessary from one budget unit to any other budget unit and/or between programs within any budget unit within this schedule. Not more than an aggregate of one-hundred (100) positions and associated personal services may be transferred between budget units and/or programs within a budget unit without the approval of the Joint Legislative Committee on the Budget.

Notwithstanding any provision of law to the contrary, the secretary of the Department of Health and Hospitals is authorized to transfer, with the approval of the commissioner of administration through midyear budget adjustments, funds and authorized positions from one budget unit to any other budget unit and/or between programs within any budget unit within this schedule. Such transfers shall be made solely to provide for the effective delivery of services by the department, promote efficiencies and enhance the cost effective delivery of services. Not more than 75 authorized positions in the aggregate, together with personnel costs, and other funds not to exceed six million dollars may be transferred pursuant to this authority. The secretary and the commissioner shall promptly notify the Joint Legislative Committee on the Budget of any such transfer.
