A BILL FOR AN ACT ENTITLED: "AN ACT CREATING THE MONTANA STUDENT LOAN REFINANCE PROGRAM TO BE ADMINISTERED BY THE BOARD OF INVESTMENTS; PROVIDING FOR THE INVESTMENT OF MONEY FROM THE PERMANENT COAL TAX TRUST FUND FOR REFINANCING STUDENT LOANS; ALLOWING THE BOARD OF INVESTMENTS TO CONTRACT FOR THE SERVICING OF REFINANCED LOANS; AMENDING SECTIONS 17-6-201 AND 17-6-308, MCA; AND PROVIDING AN EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. **Section 1. Short title.** [Sections 1 through 4] may be cited as the "Montana Student Loan Refinancing Act".

NEW SECTION. **Section 2. Findings -- purpose.** (1) The legislature finds that:

(a) Montanans who have pursued postsecondary credentials are often burdened with a large amount of student loan debt.

(b) This debt burden inhibits economic growth not just for the borrower but for the entire state.

(c) A portion of this debt burden exists in high-interest private student loans.

(d) Investment of state public funds to refinance these high-interest private student loans at lower rates will enable Montana borrowers to contribute more to the Montana economy.

(2) The purpose of [sections 1 through 4] is to create a program that provides measurable relief for qualified Montanans through the investment of public funds for the refinancing of high-interest private student loans.

NEW SECTION. **Section 3. Definitions.** As used in [sections 1 through 4], the following definitions apply:

(1) "Board" means the board of investments created in 2-15-1808.

(2) "Coal tax trust fund" or "trust fund" means the trust fund created pursuant to Article IX, section 5, of

1 the Montana constitution.

2 (3) "Eligible borrower" means an individual who is a Montana resident and who:

3 (a) is able to repay as determined by the board of investments; and

4 (b) has an existing private student loan with a 6% or greater interest rate.

5 (4) "Private student loan" means a loan issued by a private lending institution for the costs of attendance  
6 at any public or private college or university in the United States.

7 (5) "Resident" means an individual who maintains a permanent place of abode within Montana and who  
8 has not established a residence elsewhere even though the individual may be temporarily absent from the state.

9 (6) "Student loan refinance program" or "program" means the program created in [section 4].

10

11 **NEW SECTION. Section 4. Student loan refinance program -- use of coal tax trust fund money.**

12 (1) There is a student loan refinance program administered by the board of investments. The board shall adopt  
13 policies for the administration of the program. In adopting the policies, the board of investments shall apply the  
14 prudent expert principle, pursuant to 17-6-201, and consider the purpose of the program described in [section  
15 2]. These policies may utilize the components and practices customary to loan programs.

16 (2) The interest rates on student loans refinanced under the program must be established by the board  
17 of investments at rates that are favorable when compared to the education loans being refinanced with a desired  
18 goal of providing at least a 20% interest rate reduction to borrowers who refinance their private student loans  
19 under this program.

20 (3) In determining a borrower's ability to pay and eligibility to participate in the program, and in structuring  
21 the terms of the program, the board shall apply prudent underwriting criteria and program features with the intent  
22 of minimizing the potential for loan loss while maximizing the number of Montanans eligible to participate in the  
23 program.

24 (4) The board of investments may establish fees to cover the costs of origination, underwriting, loan loss,  
25 and servicing payable by an eligible borrower participating in the program. The fees may be included in the  
26 amount borrowed.

27 (5) The board of investments may utilize up to \$40 million of the permanent coal tax trust fund as  
28 revolving capital for the purpose of the program.

29 (6) As a loan refinanced pursuant to [sections 1 through 4] is repaid, the principal payments on the loan  
30 must be deposited in the trust fund until all of the principal of the loan is repaid. Interest received on the loan must

1 be deposited in the trust fund, except for any portion required to compensate an entity contracted by the board  
2 pursuant to subsection (7).

3 (7) The board may contract with an entity for the originating, underwriting, and servicing of student loans  
4 refinanced under the program. The board or the entity may contract for services related to the program including  
5 but not limited to recovery of funds following loan default. In recovering funds from defaulted loans, the board or  
6 its agents may employ standard collection methods.

7 (8) The board may delay implementing the program until it can procure all necessary contracted services  
8 pursuant to subsection (7) on reasonable, cost-effective, and prudent terms.

9 (9) The board shall report to the education and local government interim committee and the legislative  
10 finance committee by no later than June 1 of each even-numbered year on the status of the program. The report  
11 must include:

- 12 (a) the number and total amount of loans refinanced under the program;  
13 (b) the monthly savings available to borrowers who have refinanced under the program;  
14 (c) the rate of return of coal tax trust fund money invested through the program;  
15 (d) the rate of default and total amount of defaults under the program; and  
16 (e) any recommendations for improving the program.

17

18 **Section 5.** Section 17-6-201, MCA, is amended to read:

19 **"17-6-201. Unified investment program -- general provisions.** (1) The unified investment program  
20 directed by Article VIII, section 13, of the Montana constitution to be provided for public funds must be  
21 administered by the board of investments in accordance with the prudent expert principle, which requires an  
22 investment manager to:

23 (a) discharge the duties with the care, skill, prudence, and diligence, under the circumstances then  
24 prevailing, that a prudent person acting in a like capacity with the same resources and familiar with like matters  
25 exercises in the conduct of an enterprise of a like character with like aims;

26 (b) diversify the holdings of each fund within the unified investment program to minimize the risk of loss  
27 and to maximize the rate of return unless, under the circumstances, it is clearly prudent not to do so; and

28 (c) discharge the duties solely in the interest of and for the benefit of the funds forming the unified  
29 investment program.

30 (2) (a) Retirement funds may be invested in common stocks of any corporation.

1 (b) Other public funds may not be invested in private corporate capital stock. "Private corporate capital  
2 stock" means only the common stock of a corporation.

3 (3) (a) This section does not prevent investment in any business activity in Montana, including activities  
4 that continue existing jobs or create new jobs in Montana.

5 (b) The board is urged under the prudent expert principle to invest up to 3% of retirement funds in  
6 venture capital companies. Whenever possible, preference should be given to investments in those venture  
7 capital companies that demonstrate an interest in making investments in Montana.

8 (c) In discharging its duties, the board shall consider the preservation of purchasing power of capital  
9 during periods of high monetary inflation.

10 (d) The board may not make a direct loan to an individual borrower. The purchase of a loan or a portion  
11 of a loan originated by a financial institution is not considered a direct loan.

12 (e) This section does not prevent investment in home loan mortgages under the provisions of the  
13 Montana veterans' home loan mortgage program provided for in Title 90, chapter 6, part 6.

14 (f) This section does not prevent investment in student loans under the provisions of the Montana student  
15 loan refinance program provided for in [sections 1 through 4].

16 (4) The board has the primary authority to invest state funds. Another agency may not invest state funds  
17 unless otherwise provided by law. The board shall direct the investment of state funds in accordance with the  
18 laws and constitution of this state. The board has the power to veto investments made under its general  
19 supervision.

20 (5) The board shall:

21 (a) assist agencies with public money to determine if, when, and how much surplus cash is available for  
22 investment;

23 (b) determine the amount of surplus treasury cash to be invested;

24 (c) determine the type of investment to be made;

25 (d) prepare the claim to pay for the investment; and

26 (e) keep an account of the total of each investment fund and of all the investments belonging to the fund  
27 and a record of the participation of each treasury fund account in each investment fund.

28 (6) The board may:

29 (a) execute deeds of conveyance transferring real property obtained through investments. Prior to the  
30 transfer of real property directly purchased and held as an investment, the board shall obtain an appraisal by a

1 qualified appraiser.

2 (b) direct the withdrawal of funds deposited by or for the state treasurer pursuant to 17-6-101 and  
3 17-6-105;

4 (c) direct the sale of securities in the program at their full and true value when found necessary to raise  
5 money for payments due from the treasury funds for which the securities have been purchased.

6 (7) The cost of administering and accounting for each investment fund must be deducted from the  
7 income from each fund, other than the fund derived from land granted to the state pursuant to the Morrill Act of  
8 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329. An appropriation to pay  
9 the costs of administering and accounting for the Morrill Act fund is provided for in 77-1-108."

10

11 **Section 6.** Section 17-6-308, MCA, is amended to read:

12 **"17-6-308. Authorized investments.** (1) Except as provided in subsections (2) through ~~(5)~~ (6) and  
13 subject to the provisions of 17-6-201, the Montana permanent coal tax trust fund must be invested as authorized  
14 by rules adopted by the board.

15 (2) The board may make loans from the permanent coal tax trust fund to the capital reserve account  
16 created pursuant to 17-5-1515 to establish balances or restore deficiencies in the account. The board may agree  
17 in connection with the issuance of bonds or notes secured by the account or fund to make the loans. Loans must  
18 be on terms and conditions determined by the board and must be repaid from revenue realized from the exercise  
19 of the board's powers under 17-5-1501 through 17-5-1518 and 17-5-1521 through 17-5-1529, subject to the prior

21 (3) The board shall manage the seed capital and research and development loan portfolios created by  
22 the former Montana board of science and technology development. The board shall establish an appropriate

25 the Montana board of science and technology development as part of the seed capital and research and  
26 development loan portfolios, except agreements, contracts, loans, notes, or other instruments funded with coal  
27 tax permanent trust funds. The board shall administer the agreements, contracts, loans, notes, or other  
28 instruments funded with coal tax permanent trust funds. As loans made by the former Montana board of science  
29 and technology development are repaid, the board shall deposit the proceeds or loans made from the coal

1 interest.

2 (4) The board shall allow the Montana facility finance authority to administer \$15 million of the permanent  
3 coal tax trust fund for capital projects. Until the authority makes a loan pursuant to the provisions of Title 90,  
4 chapter 7, the funds under its administration must be invested by the board pursuant to the provisions of  
5 17-6-201. As loans for capital projects made pursuant to this subsection are repaid, the principal and interest  
6 payments on the loans must be deposited in the coal severance tax permanent fund until all principal and interest  
7 have been repaid. The board and the authority shall calculate the amount of the interest charge. Individual loan  
8 amounts may not exceed 10% of the amount administered under this subsection.
