3 "1. Of this general fund appropriation, one hundred fifty thousand
4 dollars (\$150,000.00) shall be expended for a feasibility study on
5 the state of Wyoming obtaining agreement status with the United
6 States nuclear regulatory commission for licensing the possession
7 of nuclear materials or byproduct nuclear materials, including
8 thorium, from the mining and processing of rare earth elements.
9 Not later than October 15, 2023, the department of environmental
10 quality shall report to the joint minerals, business and economic
11 development interim committee on the results of the study,
12 including recommendations for whether the state of Wyoming should
13 become an agreement state as described in this footnote and any
14 necessary legislation."
